Description

SALES

We have been informed the business is taking decent sales of £12,000 a week, it has only been stocked with Drinks and a huge variety of beers, wines and spirits only.
The sales can be pushed as there is no grocery other than snacks with the huge demand from the surrounding residents but no supply what so ever from the business.

Location

AREA

This shop is located in a busy parade with all big highstreet businesses and restaurants with a humungous population of residents within 500 meters radius from the business.
